

Self-Adhesive Measuring Tape – Metric Scale

This adhesive measuring tape is made from steel and is suitable for measurements up to 2~3 meter. It has a white powder coated finish which means the tape measure is more resistant to fading, scratching and chipping, and will be longer lasting than those without a powder coating. The tape itself has a self-adhesive backing which means it is ideal for fixing to work surfaces or machinery if required to make measuring easier.

SKU: [ASS1189](#)

Brief Specification:

- Length: 2~3 meter.
- Width: 12mm.
- Thickness: 0.2mm.
- Reading: Left to Right.
- Greater durability due to the white powder coated finish.
- Material: Steel.
- Self-adhesive backing for use in machinery.
- Suitable Application: Miter Saw, Table Saw, Woodworking Tools.

Mechanical Dimension:

Unit: mm

Application Example:

Profile Scale

Machinery Measuring Scale

The Face behind our product quality...

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.

Many vendors simply import and sell without checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sell on Handsotec is fully tested. So when buying from Handsontec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
