

T-Slot Nuts M5 Thread With Ball Spring

An essential part for working with slotted aluminum extrusion. These slim metal nuts slide into the side-slot of the extrusion. The ball & spring help to retain the nut in the slot to prevent it from slide off the slot for easy assembling. The slightly oval shape means that as they screwed-into the nut jams against the slot. This nut is suitable for P5 series of 20x20mm or 20x40 mm aluminum extrusion.

SKU: [FAS1187](#)

Brief Data:

- T-Slot 2020M5 ball spring nut.
- Profile size: P5 series 20x20mm, 20x40mm.
- Steel & Stainless Steel, Self-Aligning.
- Reduces Assembly Time.
- Easy to add and reposition in t-slot when ends are closed off.
- Spring Ball Bearing holds T-nut in extrusion t-slot.
- High Strength.

Mechanical Dimension:

Unit: mm

A	B	C	D	E	F	G

The Face behind our product quality...

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.

Many vendors simply import and sell without checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sell on Handsotec is fully tested. So when buying from Handsotec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
