

Metric Size Threaded Rod

A threaded rod, also known as a stud, is a relatively long rod that is threaded on both ends; the thread may extend along the complete length of the rod. Standard threaded rods are pre-threaded bars used with standard nuts, couplers, and washers. When cut to length only minimal burr removal may be required so a nut will move easily over clean-cut ends.

SKU: [FAS1228](#)

Brief Data:

- Thread Size: M10 Metric.
- Thread Pitch: 1.5mm.
- Material: Stainless Steel.
- Length: 500mm.
- Thread Length Style: Fully Threaded.
- Finish: Black Carbon.

Mechanical Dimension:

Unit: mm

Coarse & Fine Thread

The Face behind our product quality...

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.

Many vendors simply import and sell without checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sold on Handsontec is fully tested. So when buying from Handsontec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
