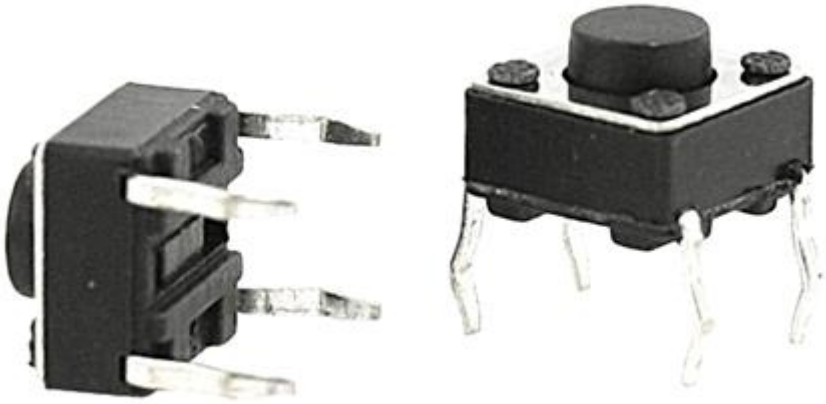
Handson Technology

Data Specs

(6x6x5)mm Tactile Switch - SPST

Tactile or Tact switches are SPST snap action switches to be used with small currents (rated at 50mA 12Vdc). These Tact switches provide a sharp, clear and assuring operating feel, have low contact resistance, high contact reliability.



SKU: SWH1009

Brief Data:

- Contact Configuration: Single Pole Single Throw (SPST).
- Terminal Type: Through Hole.
- Switch Operation: Momentary.
- Overall Height (h): 5mm.
- Actuator Color: Black.
- Actuator Type: Stem.
- Dimensions: 6x6x5mm.
- Contact Current Rating: 50 mA @ 12 Vdc.
- Operating Force: 0.98N.

Mechanical Dimension:

Unit: mm

The Face behind our product quality…

In a world of constant change and continuous technological development, a new or replacement product is never far away – and they all need to be tested.

Many vendors simply import and sell wihtout checks and this cannot be the ultimate interests of anyone, particularly the customer. Every part sell on Handsotec is fully tested. So when buying from Handsontec products range, you can be confident you're getting outstanding quality and value.

We keep adding the new parts so that you can get rolling on your next project.
